

## **GENERAL TRAVEL INFORMATION ABOUT JUDY ARPANA PILGRIMAGE**

Travelling with Judy Arpana Pilgrimage should be an enjoyable experience for all concerned. The following information and guidelines will help you ensure that your journey is as rewarding as possible.

Please note that any travel does involve some risk and therefore suitable precaution should be taken on behalf of every traveller to minimise any risk. Whilst every care is taken by our guides, we cannot be held responsible for any unforeseen circumstances that may accompany the general rigours of travel. Your understanding, patience and awareness of this will enhance your appreciation of your travel experience.

### **Air Fares**

The tour price does not include return airfares. Judy Arpana Pilgrimage does not represent and is not affiliated with any particular airline or travel agency. Though we may be able to recommend airlines or agencies that provide suitable deals, due to the constantly changing nature of this industry we are unable to maintain the most recent information on pricing and availability.

### **Travel Information**

Apart from the information provided here, there are numerous travel information sources in print and on the web.

### **Flexibility**

The nature of our pilgrimage tour and the unique locations we travel to necessitate a degree of flexibility in our programming. In fact, this is how we get the best out of the tour. Roads may be blocked, hotels overbooked, cars break down... it's exactly those type of scenarios that provide the opportunity to truly experience travel. Sometimes it's simply that a better option becomes available... or perhaps as a group we decide that plan B is preferable to plan A. Our guides take all of this into consideration and endeavour to cater appropriately for the situation at hand. Remember that the itineraries provided are used as a guiding strategy, and that the real tour happens when you get there. It's all part of adventure travel!

### **Travel Advice**

There are a number of well documented travel sites that offer concise local information and advice. In Australia, the Department of Foreign Affairs and Trade offers up-to-date travel advice, although this will lean on the side of caution. We do encourage you to thoughtfully research tour destinations prior to your journey.

### **Visas**

You will require a visa to travel in India. Please consult with your travel agent about a visa and remember to allow at least two weeks to have your visa processed.

### **Vaccinations**

We recommend that you seek medical advice regarding vaccinations at least six weeks prior to your departure, as some vaccinations need to be administered in two stages. Although vaccinations can be recorded on an International Health Certificate, this is not required for travel into India. Consult your physician or travel medical advisory service for details.
